

Year 1 to Year 2 transition guidance for
Parents/Carers
2022 - 23

At Queen Victoria Primary School, we want the learning to be fun, exciting and stimulating.

We want the children to run to school.

Starting a new class can cause anxieties, we want to lessen these and create a new challenge whereby your children want to come to school and are not frightened.

To do this we all have to manage the process.

This booklet aims to tell you the details of your child's transition into Year 2 and the role we can all play in helping this to be as smooth as possible.

If you have any queries feel free to speak to Mr. Cooke who will be pleased to explain any details.

Meet the Year 2 Team!

Mrs. Hughes 2A

Miss Madeley 2M

Mrs. Adams 2H

What is 'school readiness'?

It is generally acknowledged that 'school ready' is about more than reading, writing and mathematics. Most teachers would use a similar definition as the bullet points below:

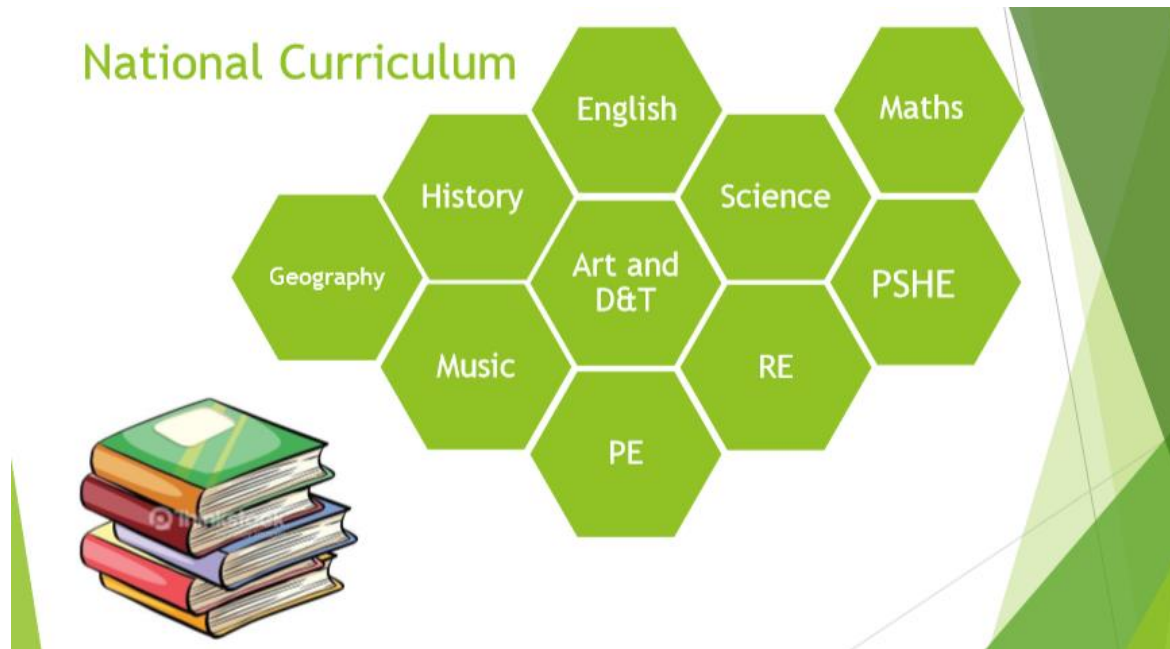

School ready children:

- have strong social skills
- can cope emotionally with being separated from their parents
- are relatively independent in their own personal care (going to the toilet, getting dressed and undressed etc.)
- have a curiosity about the world and a desire to learn
- have a firm grounding in the key skills of communication, language, literacy and mathematics.

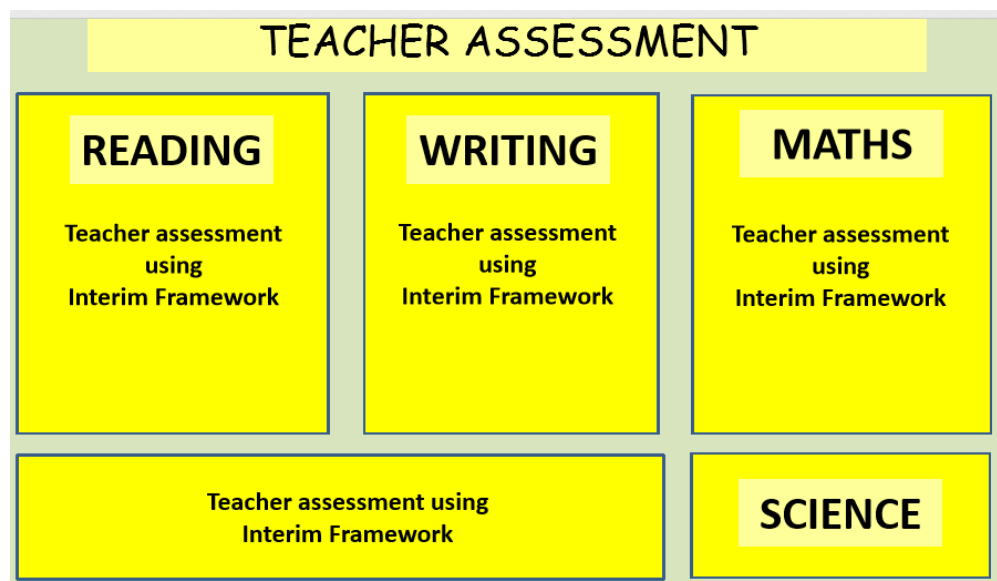

At Queen Victoria we have the highest expectations of our Year 2 children.

Curriculum

There is no change in the curriculum subjects taught from Year 1 to Year 2, but the content differs; in that it builds on the previous year to both deepen and extend your child's learning.

At the end of Year 2 your children are due to take SATs tests in Reading and Maths (2 papers each) which will INFORM but not dictate teacher assessment. At the end of Year 2, your child will receive a judgement based on Teacher Assessment of the following subjects:

There will hopefully be a parent workshop later in the year to discuss this in more depth.

There will continue to be a strong focus on Phonics and Reading throughout Year 2. We will follow the Little Wandle Letters and Sounds Revised scheme to provide a structured and systematic approach to teaching literacy. The National Curriculum emphasises the importance of children learning to read using a phonics-based approach. Children will continue to practise and consolidate the phonetic sounds to help them blend and read the words. Teaching them the right phonics skills will ensure they become successful readers and coupled with comprehension work and practise questions make them feel confident when taking SATs tests at the end of Year 2.

READING SKILLS ASSESSED

The most crucial aspects of reading at the end of Key Stage 1 are:-

- Accuracy (decoding familiar and unfamiliar words correctly)
- Fluency (speed and confidence)*
- Comprehension (drawing meaning from text)

**DfE guidance for fluency is that if a child can read 90 words per minute this gives teachers an indication to support their judgement of what is meant by fluent reading. The inference seems to be that children who can read at such speeds will be able to meet the 'Expected Standard'.*

Reading Practise

As well as daily phonics lessons, your child will take part in 3 reading practise sessions every week. These are small group reading sessions with an adult focusing on one of the key reading skills of vocabulary, inference, prediction, explaining, retrieval and sequencing. They will also be heard 1:1 by an adult at least once a week. It is therefore very important your child's reading book and diary are in school EVERY DAY.

A typical week in the life of a Year 2 Queen Vic child...

Mind-set Monday	SODA Fluent in 5	Readers/ Freckle	English	Break	Phonics	Maths	Lunch	History	Jigsaw	Story
Tues	SODA	Readers/ Freckle	English	Break	Maths	SRP	Lunch	Phonics	Week 1: Music Week 2: RE	Story
Well-being Wednesday	SODA Fluent in 5	Readers/ Freckle	PE	Break	H/ W	Phonic s	Lunch	Story	PPA	
Thurs	SODA	Readers/ Freckle	English	Break	H/ W	Phonic s	Lunch	Maths	History	Story
Feel Good Friday	SODA Fluent in 5	Readers/ Freckle	English	Break	Phonics	Maths	Lunch	Week 1: Computing Week 2: Art		Story

Spot the difference...

When your child starts their Year 2 Journey in September there are some things that may be the same and some things that may have changed since Year 1...

Attendance

The school doors are open from 8.30 am and your child needs to be in school ready to start the school day at 8.50 am. The end of the school day is at 3.20pm. School education lays the vital foundations of a child's life. Research clearly demonstrates the link between regular attendance and educational progress and attainment. It is therefore important that your child attends school for the whole of each term.

School Uniform

Your child is part of the Queen Vic team. Please ensure that they come to school each day wearing the correct uniform which should be **CLEARLY LABELLED**

The school colours are as follows:

Shirt / Blouse	White
Sweatshirt/Jumper/Cardigan	Dark Green
T Shirt / Polo Shirt	White/Yellow
Skirt/Pinafore/Trousers	Grey
Summer Dress	Green and white checks or stripes
Socks	Grey, black or white
Shoes	Black sensible shoes

PE

PE will be taught as a curriculum subject at least once a week in Year 2. It is important that your children wear the correct kit. They will need:

- Black shorts,
- Black jogging bottoms (especially for those chillier days!)
- A white t-shirt
- Pumps

Your child must come to school on their designated day wearing their PE kit, and it should be **CLEARLY LABELLED**.

Homework

Once settled, your child will be given a reading book and their own spellings to learn at home. It is really important they bring their reading book and record in **EVERY** day. They will also get some homework which consists of 4 different activities to be completed over a 2-week period. It will involve a range of activities from writing, to research, to painting and model building!

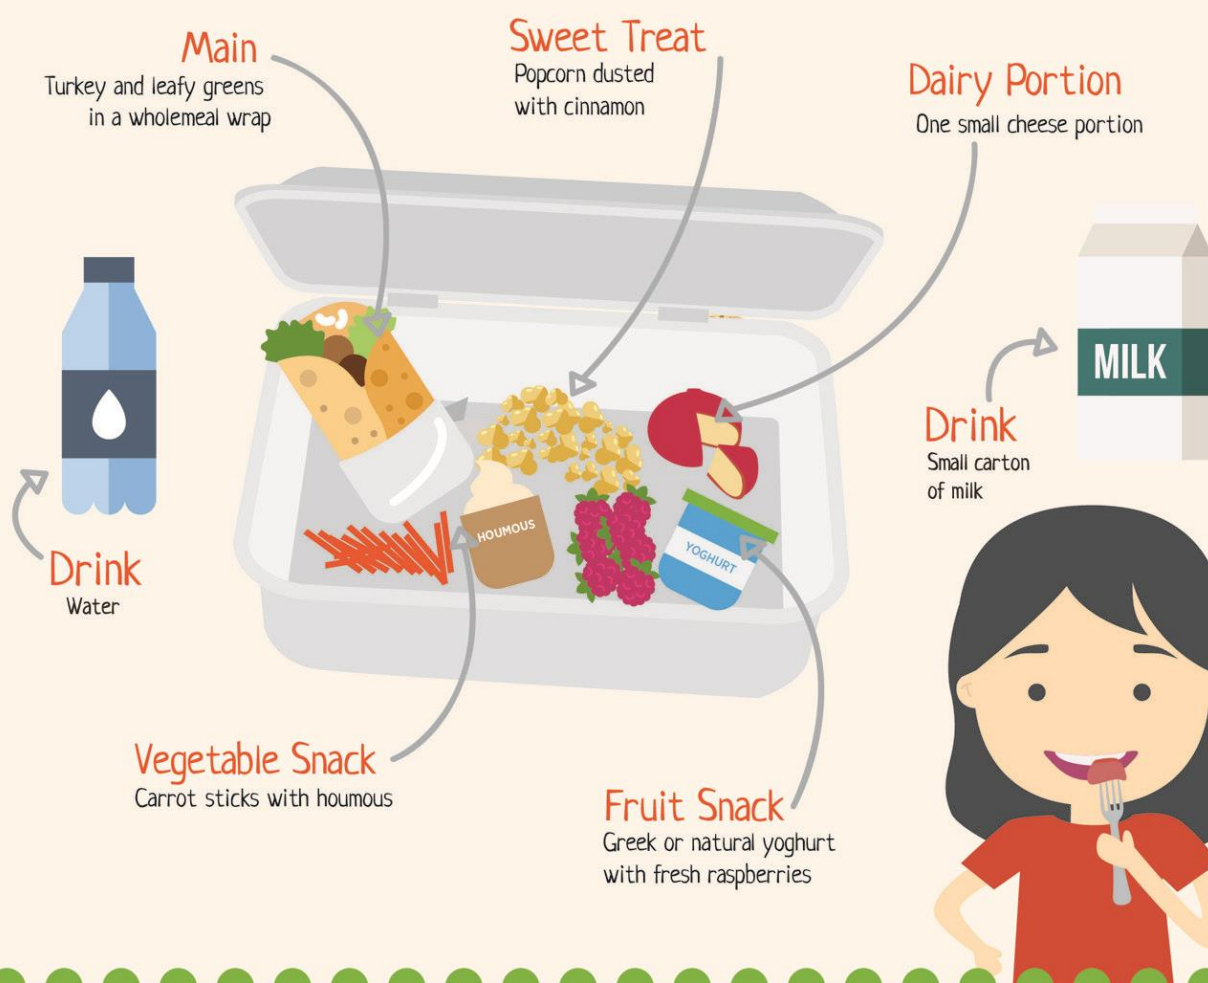

Snacks

As in Year 1, they will still have a piece of fruit every day. Please also ensure your child has their own **CLEARLY LABELLED** water bottle filled with...WATER...

School Dinners

Currently all children in Reception and Key Stage 1 (Year 1 and Year 2) are universally entitled to free school meals and so your child will have the same healthy menu that they enjoyed in Year 1. If you would prefer your child to bring a packed lunch they should be in a secure lunchbox, clearly labelled with your child's name, and should not include any sweets, chocolate bars, nuts or fizzy drinks. (See advice on the following page)

What does a balanced **LUNCHBOX** look like ?

Expert Advice from Dr Lisa Gatenby, registered nutritionist.

"Remember that packed lunches always need to contain one fruit and one vegetable portion. There also needs to be a portion of dairy in each lunch box, so I'd suggest a yoghurt – always choose Greek or natural yoghurt as the flavoured ones always contain added sugar!"

It can be nice to have a main option that isn't a sandwich to show children how lunches can vary, why not try pasta or couscous instead of bread?"

Content reviewed by registered nutritionist, Dr Lisa Gatenby. All content published by Nutritionist Resource is provided for general information purposes only, and should not be treated as a substitute for advice given by your GP or any other healthcare professional.

Learn more about children's nutrition by scanning the code and visiting our Healthy Eating for Kids fact-sheet

Supporting your Child

You will receive a Curriculum Newsletter every half term, informing you about the topics the children will be covering. You can help them at home by talking about these topics, sharing books from the library or looking on the internet, and perhaps visiting related places of interest.

Once they have settled into school, the children will bring home reading books to share and Common Exception Words to learn. The staff will explain all this to you and will be happy to suggest ways in which everyday activities can become learning opportunities.

Other Useful Information

Most letters from school will be sent to you electronically via ParentPay, they can also be found on our school website. Forthcoming events can also be found on the school website, and this is updated each week.
